

APPEL OSBORNE LANDSCAPE ARCHITECTURE

POSITION ANNOUNCEMENT

March 1, 2018

Position: We are growing again and have an opportunity for a pre-licensed or licensed Landscape Architect. We are looking for a Project Manager. We have a solid workload with projects located throughout New York State. Advancement potential is *excellent* for the right people. All positions require experience/proficiency with AutoCAD Release 2014 or higher.

Compensation: Salary is negotiable commensurate with experience.

Project Manager: This is an opportunity for a CAD experienced, pre-licensed or licensed individual. The basic qualifications for the position are: (1) BLA from an accredited, professional degree program, (2) good technical skills (site engineering, drainage, detailing) as well as experience in Project Management through the design and contract documentation phases, (3) working proficiency with AutoCAD Release 2014 or higher is required, (4) minimum of 2 full years CAD drafting experience in Architectural, Engineering or other professional design firm. Construction administration experience is a plus but not required.

Credentials: If you meet the qualifications and are interested in the position, please provide a personal letter and/or resume stating your educational qualifications, extent of computer experience, desired salary range, availability date, and where you can be reached. E-mail address is preferable.

Send To: Please submit the requested information via email to Linda Scott, Associate, at lscott@appelosborne.com.
